

CNP's Life Cycle Challenge

Nature is truly wonderful, so take time to notice all the amazing changes Spring brings. In this challenge try to find many different parts of these life cycles as you can. For this activity, as well as all 25+ other FREE CNP activities, visit www.CreativeNaturePlayschool.com :-)

Tag any challenge pictures with #OVunplugged on social media and you may win a prize!

Plant Life Cycle	Butterfly Life Cycle	Ladybug Life Cycle	Bird Life Cycle
<p>Seed</p> 	<p>Butterfly Larva</p> 	<p>Ladybug Larva</p> 	<p>Nest/Egg</p> 
<p>Seedling</p> 	<p>Butterfly Pupa</p> 	<p>Ladybug Pupa</p> 	<p>Hatchling</p> 
<p>Full Grown Plant</p> 	<p>Adult Butterfly</p> 	<p>Adult Ladybug</p> 	<p>Adult Bird</p> 

*Please note butterflies and ladybugs do hatch from an egg however for this challenge this stage was not included. There are several types of butterflies, plants, and birds; so some stages may look slightly different between species.
